The 4th of July is less than three weeks away and the "boys" are counting the time.

FOR SALE—One Ballard Rifle. Apply to Mrs. J. S. Brooks, Graniteville, Mo.

Monday was the regular meeting day of the Council, but owing to the absence of a number of members there was no session.

Friends and patrons of the Ursulines in Arcadia are hereby most cordially invited to attend the Commencement Exercises Tuesday, the 28th inst., at 2:30 P. M.

FOR SALE—Very cheap, for the next fourteen days—the Rodach place on Knob Street, one of the handsomest locations for private residence in Ironton. Apply to J. T. AKE.

Mr. L. G. Whitworth last Thursday purchased the farm and residence of Jno. Smith in Russellville. Mr. Smith and family will soon leave for Indiana, where they expect to make their future home.

BORN—To Mr. and Mrs. Henry Kendall, Ironton, Mo., June 8th, 1892, a 10-lb. boy. Henry is the proudest man in Missouri and the wife and baby are getting along splendidly. The Register tenders congratulations.

D. F. Reese has sold his residence property to Mrs. Phillipine Overstolz, of St. Louis, who will occupy it as a summer home. Mrs. Overstolz takes possession at once, and Mr. Reese will remove to the Bakewell place.

The past week has been genuine summer, and, coming as it did, right on the heels of a very backward spring, the heat has seemed so much more oppressive. The indications are that the hot term will last the full three months allotted.

The Ladies of the Presbyterian church will have ice-cream every Thursday evening over Fairchild's store, for the purpose of raising money to repair the church. Hours, from 4 P. M. till people cease to come. Remember, it is to-morrow night.

The pleasing news came by wire from St. Louis last Saturday that the Sycamore Granite Company had just secured another lease of ten years on the quarries near Graniteville. This means renewed activity and prosperous times in that section.

Miss Edith, the talented and accomplished daughter of Dr. S. E. Strong, has been elected as one of the teachers for the Annapolis schools the ensuing year. Miss Strong will have charge of the primary department and Prof. Lucy, the principal's.

Dr. Roger W. Gay left Monday evening with horse and cart for Ewing, Ill., where he proposes to locate for the practice of his profession. Dr. Gay is a most deserving and pleasing young gentleman and we wish him all possible success in his venture.

As will be noticed by the proceedings elsewhere the Democratic County Central Committee last Saturday decided to hold the coming primary election under the Australian system. This is a move we believe that will meet with general approbation.

Arrangements are being made for a social picnic and general good time at Kirchner's Park, Graniteville, July 4th. The committee in charge are determined to make the affair a success, and those who attend may be assured that they will enjoy themselves.

Mr. Socrates Newman of St. Louis, last week purchased Dr. H. M. Jones' farm west of town, paying therefor \$5,000. Mr. Newman intends to occupy the place as a summer residence and will at once commence some extensive improvements. Messrs. Jordan & Huff made the sale.

The REGISTER this week has three new announcements: Mr. Geo. Lewis, for assessor; Squire McNeely, for county judge—southern district; and D. F. Reese for treasurer. These gentlemen are all long-time residents of the county, and, if elected, would doubtless fill the offices to which they aspire with credit to themselves and honor to their constituency.

MARRIED—June 9th, 1892, by J. T. Ake, Esq., Mr. JACOB W. HASTY and Miss MARY O. RICH, of Reynolds county, Missouri.

Men may come and men may go, but Rev. Ed. James, the revivalist, keeps on forever. Services are still being held three times daily and the large attendance and evident interest abate not. Thus far twelve rescued souls have announced the intention of becoming members of the Baptist church, and others are expected before the week is over. The baptismal services will occur later on and due notice thereof be given.

At the meeting held last week to make some provision for celebrating the 4th of July, it was resolved to give a grand free barbecue at Goulding's Park, Ironton. The bills have been issued, and the names thereon are assurance that the occasion will be a grand and most complete success in every particular. It will be one of the biggest events ever attempted, and the people of the county generally are asked to co-operate and make it such. It is the first big celebration that Ironton has given for some years, and the attendance from all directions will doubtless be great. Among the special features of the day, will be a couple of races for boys between the ages of ten and fourteen. Further particulars later.

Mr. A. Winkler leaves to-morrow (Thursday) morning for St. Louis, whence he proceeds to New York, thence across the water for a two-months' visit to his place of nativity. As a sort of farewell he last Sunday afternoon tendered his friends a reception and lunch at his beautiful place on Shepherd Mountain side. A most enjoyable time was spent, the refreshments were excellent and all present will long remember the occasion. The guests were: L. Giovannoni and wife, A. Roehy and wife, A. Riecke and wife, H. Collins and wife, J. Biemel and wife, H. Wise and wife, Misses L. Dinger, M. Winkler and C. Hill, F. Deason, Dr. H. Shultz, Ed. Shearer, H. Dinger, Wm. Riecke, L. Fink, J. Grandhomme and R. Hill. The Register joins Mr. Winkler's friends in wishing him a bon voyage and safe return.

Judge Emerson's Grounds Not Open to the Public.

IRONTON, Mo., June 12th, 1892. Ed. Register—Perhaps the public in Arcadia Valley is sufficiently interested in what follows to justify me in asking you a little space for it in the REGISTER.

On my return home from Columbia a few days ago I received a letter from a respectable lady, in the following words, omitting the name:

"ARCADIA, June 8th.

Mr. Emerson—I hope you will excuse this liberty of writing, but I always thought you to be a Christian gentleman, and have been surprised that you would allow crowds of young people to go in your park on Sundays and act as they do, very badly, girls and boys, women and men lying around on the grass, and laughing and screaming. Plenty of mothers would be shocked if they knew their girls and boys acted that way, and you are to blame for allowing it. The example is bad and it is very wrong and doing harm.

Yours, truly,

To which I wish to say:

1st. My grounds are not a "park." They are not public. They are simply my private "door-yard" or lawn.

2d. I did admit the public to them for about eight years, under very limited restrictions, and I am glad to say that during nearly all that time the visitors, young and old, acted as far as I know, very properly. During my official absence from home, matters grew worse, and complaints of rudeness came to me, of no serious nature, however. But this gradually increased, and the visitors multiplied so that all privacy of home was lost, and my family virtually crowded from the lawn into the house. Thereupon I put up notices on the gates that the grounds were no longer open to visitors. This had but little effect, and I was forced to lock the gates, contrary to all my instincts of hospitality and propriety. I was shocked and mortified at being obliged to do so. A few months later the locks were removed from the north gates and notices put up as to restrictions, but they were often torn off, and the grounds invaded as before, forcing us often to do police duty, up to late hours. This spring all the gates were left unlocked, and I hoped that there would be further occasion for complaint by ourselves or anyone else, for I sincerely desired to leave the grounds open to visitors.

3d. I wish the public to know that we have always disapproved of the conduct complained of by the lady in her letter, and, when known to us, have promptly stopped it, and have, of course, given offense by doing so.

It must be evident to all considerate people that we cannot at all times control the actions of visitors on the grounds. If we close the grounds to visitors we will give offense. And it is equally true that if we allow matters to proceed as they have for the last few weeks that offense will be given. It is also certain that we cannot spend our time in watching and controlling these matters. Under all the circumstances I trust the good people will not blame me if we absolutely close the grounds.

And accordingly, all persons are hereby notified that Sylvan Lake grounds will not hereafter be open to visitors, except to come to the spring for water, or call at the residence, or old soldiers of either army to visit the monument. Respectfully, yours,

J. W. EMERSON.

#### Card of Thanks.

I take this method of returning my thanks to the citizens of Ironton and vicinity for the donation made me, amounting to \$20.25; also, \$15.50 presented by a few of the generous-hearted gentlemen of Ironton; also, thanks to the editor of the REGISTER for his kindness by giving notice of the festival. Bro. Hotson is also remembered. To you, thanks! for you my warmest regards.

L. H. TRIMBLE.

FOR SALE OR RENT.—The Sim Buckman property—Gallery and Dwelling—Apply to Aug. Riecke, Ironton.

Job-Work of all kinds at this office.

### Annapolis News.

Those who followed Miss Hattie May in her European tour through the medium of her letters published in the REGISTER will be pleased to learn that she has been retained as teacher at Oberlin College. Miss Clara will sail for Europe on the 18th of this month on a Cunard steamer, and Miss Minnie will spend the vacation at Annapolis.

The name Mrs. Eustace in last week's items should have been Mrs. Eustace Rockwell, who has been very sick, but is now better.

Ella Woody will leave for Piedmont to-morrow, where she will spend the summer.

Jas. Lucy was retained as principal of Annapolis public school for another term and Miss Strong of Ironton was chosen as primary teacher.

G. N. Sawyer resigned his place on the school board and Dr. May was chosen to fill the unexpired term.

Your correspondent was present at the mass-meeting at the Iron county courthouse yesterday, and was well pleased by the perfect harmony and good will that prevailed throughout the entire meeting. The resolution offered by J. B. Walker endorsing W. R. Edgar for Congress was a masterpiece and no other man in Iron county could have been more appropriately chosen to do this work, and none could have done it better. Mr. Edgar is evidently the favorite of Iron county Democrats, and, should he be nominated and elected, he will fill the place with honor to himself and credit to his district.

While zinc has not been discovered in paying quantities, sufficient has been found to justify prospecting in a more systematic manner, and we are of the opinion that a diamond drill, if put to work in this vicinity, would develop mineral in large quantities.

Annapolis has a mineral spring that is valuable in some cases. Its waters are said to contain sulphur, salt, manganese and iron. Your correspondent had the neuralgia a few weeks ago and was advised by Judge Hart to try the mineral spring water. I drank about three pints of the water and in one hour the pain had left my face and in less than two hours the soreness had entirely left my face. I used the water for about a week and have had no symptoms of neuralgia since.

June 12th, 1892. MURPHY.

### Graniteville Doings.

Ed. Register—Well, it is now in order, after a year's suspense, to correctly state that a renewal of the lease of the Graniteville quarries has been given to the Sycamore Granite company for a term of ten years. When the news was dispatched here Saturday about 8 o'clock P. M., confirming the report, it spread like wild fire, and in a few minutes every one you would meet, would say, well, "the company's got the lease." Guns were fired, and lots of powder went up in smoke in divers other ways. Yells were given, hats thrown in the air, and a greater amount of enthusiasm was manifested than the result of the Minneapolis convention. For, with us, the matter is of far more importance. In consequence of the good news that was heralded over the town on that evening, on the event of the company being awarded the lease, our brass band that was re-organized last week under the directorship of Wm. Dunstan, turned out and serenaded Mr. E. M. Smith, on his arrival from the city. After a few choice serenades were discoursed, the boys were called in for a few moments indulgence in fine drinks and choice Havana cigars, after which they proceeded to the company's store where a few more selections were disposed of to the happy exultation of the attaches of that department. The band, though like the S. G. Co., has been lying dormant for the past eight or ten months was not up to the mark as regards the estimation of a musical connoisseur first-class music, but, now that they are fully organized and mean business, and a bright future to look forward to, it will only be a question of a few evenings' practice to regain their former standing. The company will proceed at once to shaping matters preparatory to doing extensive business, and, as their facilities are all that are required to do an extensive business in the granite line, it is needless to say that the sound of the hammer and chisel will soon be heard making the usual old-time din, and already some ten or twelve men have been put to work.

BORN—To Mr. and Mrs. James McLaren on Sunday a son, who, all parties interested, however, are quite well.

Mr. Thomas Holmes, who has been ill, for several weeks, is now in one of the city hospitals undergoing treatment, and hopes for his early recovery are earnestly looked for from his family and others.

Mr. Sam'l Collier, and mother and sister, of Bismarck, Sunday with relatives in town, guests of Mr. and Mrs. Geo. Collier.

A party of our town folks went to Iron Mountain dam on last Saturday night to have a moonlight picnic, and as the weather was all that could be desired, they report a jolly good time.

Judge Hancock, of Pilot Knob visited with the family of Mr. and Mrs. Alex. Graham on Sunday.

New arrivals almost every day. Among the latest and a whom were desirable residents of our own are Ed. Nolan, John and Mike Ba-ke and that jovial good old fellow, Harry Ellenwood, all of Denver, Colo. Mr. Ellenwood, however, will only remain a couple or three days visiting among old time friends, whence he will depart for the east for an extended visit to friends and relatives in the New England states.

Mr. and Mrs. William Baum and daughter, who have been living in Denver, Colorado, for the past three years have returned to Graniteville where they will reside for the future.

The home of Charles Laudy was disrupted one day last week not by mutual consent however, but through cause of snap judgment on the part of his better-half the first of last week. Mr. Laudy went home to his dinner about 11:45 A. M. (as he alleges) and found his house all closed up and the occupants thereof had flown, for reasons unknown to himself, and had taken part of the furniture and what little surplus money, amounting to thirty-five or forty dollars, that he had in the house. Mr. and Mrs. Laudy, nee Katie

Hardy, were married last winter, and, as he says, have lived together very happily ever since, and what has caused her to commit the rash act is a mystery to him.

The ice-cream and strawberry festival at Workmens' Hall Friday night was well patronized and a financial success. The proceeds, which are for the benefit of the M. E. church, were about \$50 net.

Miss Katie Dermody of St. Louis is visiting with her sister, Mrs. O'Brien. If rumor goes for anything, we will have a few weddings to chronicle in the near future.

Michael Shea has returned home from the East, whither he had gone some three or four weeks ago in quest of work at the trade of block-making, but as nearly all of the granite men in that section are at present locked out by the granite producers' association, he did not deem it advisable to remain there, hence his return.

June 13th, 1892. NOVICE.

### Goodwater News.

Ed. Register—On the morning of the 30th ult., we were visited by a sufficient rainfall to considerably swell the waters in the creeks and branches hereabouts. In some portions of this section it rained as hard as it did at the time of the previous freshets, while in other parts of the country the rain was comparatively light. Hence but little damage was done. It is reported that of the 16-acre tract, in this county, the damages resulting from the rains on the 30th ult., were at least equal to those done by the freshet of the 16th of May.

Crops of all kinds are doing finely, all things considered. Owing to the frequent hard rains of the past month, our corn-crops are not in as good condition as is desirable, but the weather is now favorable for their cultivation and it is believed that in most cases, farmers' heretofore will succeed in "cleaning out" their corn well within the next ten days.

On the 7th instant, at about noon, a tremendous windstorm, followed by a hard, beating rain, accompanied by much thunder and lightning, passed over this section of country.

Mincher's Mill, mentioned in my last having been much damaged by the storm of the 7th inst., is situated on the Hazzard, at the mouth of Crooked Creek. It was formerly Cottrell's Mill, instead of Boyer's mill, as erroneously stated. On June 2d, 1892, Mr. Samuel Thompson, died at his home, of senile debility, aged 93 years. He was born in Floyd county, Va., and came to this state 35 years ago. His wife died on the 16th ult. His remains were interred on the farm where he so long resided. On last Saturday, 4th instant, the personal property of Mr. W. T. Crocker and family and that of Henry Nelson and Benjamin Midgett, his sons-in-law, was offered for sale, but the bidding on live stock was too low to be satisfactory to the owners; hence most of it was "hidden in" by friends of the family. The departure of Mr. Crocker's relatives for Montana is consequently postponed.

It is said that Mr. Wm. Carl has traded his engine to Mr. L. Stafford, of Black, Missouri.

Morgan Scott, who is employed near Mineral Point, passed a few days last week with his family, and then returned to the "scene of his labors."

W. C. Mayberry, who formerly resided in this locality was out here on a brief visit to relatives last week. On the 1st instant he started on his return to his home in Texas county, Missouri.

Lee Erbschloe, and his sister May, visited relatives near Belgrade this week.

Julia Martin, mentioned in last week's REGISTER as having been murdered in Denison, Texas, was the daughter of Mr. Jas. Martin, a former citizen of Washington county, now residing on Big River, near Mineral Point, this county. Her remains were forwarded from Denison to her relatives in this county, and were interred in the cemetery near Joseph's Chapel, on Cub Creek, in Washington county, where her mother and other deceased relatives were buried.

Mr. and Mrs. Chas. E. Lucas, Sr., of near Palmer, visited relatives in this locality recently.

June 11th, 1892. R. E.

Hillar says he will remove to higher ground as soon as his new building is completed. He has been run out by the water four times, and, during the late high water, while astride the roof, he called to a friend to pray for him. The friend shouted back to him to pray for himself and was electrified to hear coming faintly above the roar of the water, "I am praying like hell."

Mr. Goss of Chicago is spending a week with Mr. Oesch, collecting specimens of mineral, rocks and birds.

We have been informed that Mrs. Smith will teach the Edge Hill school next fall.

Miss Annie Hobecker had a severe sunstroke, but will recover.

Our enterprising roadoverseer, Wm. Harbison went to Ironton last week. Monroe Black's crop was washed away and the house fell in a hole, so he left for higher ground.

### Suggestion For a Summer Trip.

If you wish to take the trip of a lifetime, purchase the low rate excursion tickets sold by all principal lines in the United States and Canada via the Northern Pacific Railroad to Yellowstone National Park, Pacific coast and Alaska.

The trip is made with the highest degree of comfort in the elegant vestibuled trains of the Northern Pacific Railroad, which carry dining cars and luxurious Pullman sleeping cars from Chicago, St. Paul and Minneapolis to Montana and the Pacific coast, without change, and special Pullman sleepers from St. Paul and Minneapolis to Yellowstone Park.

The scenery en route is the most magnificent to be found in the seven states through which the road passes. Beautiful mountains, rivers, valleys, lakes and plains follow each other in rapid succession to delight the tourist, who will also find interest in the agricultural, mining, lumbering, industrial and other interests associated with the development of the great Northwest.

The crowning glory of the trip through the Northwest, however, is the visit to Yellowstone Park, the land of hot springs, geysers and gorgeous canyons, and to Alaska with its endless ocean channels, snow-capped peaks, Indian villages and giant glaciers.

If you wish to investigate this suggestion further send to Charles S. Fee, General Passenger Agent, N. P. R. R., St. Paul, Minn., for copies of the handsomely illustrated "Wonderland" book, Yellowstone Park and Alaska folders.
